Congratulations
To
The Conservation Center
On Your
30th Anniversary

My heartiest congratulations go out to The Conservation Center on your 30th anniversary. Since 1983, The Center has provided services of conserving works of art on paper, photography, textiles and murals. From the amenities provided, to the education you bestow upon the community, this organization has certainly enriched the City of Chicago. The past 30 years have brought your organization much success and may it continue to guide the future of The Conservation Center.

On behalf of the Illinois Office of the Comptroller, I wish you many congratulations and continued success in your future endeavors.

*In Witness Whereof, I have hereunto set my hand
And caused the Seal of the State Comptroller to be affixed,
On this twelfth day of September in the Year of Our Lord,
Two thousand and thirteen.*
